# WHY ZERO WASTE ?

**The Zero Waste initiative was born from our desire to rethink how beverages are delivered in Monaco.**

In a world where comfort and convenience are key, we've created a service that meets the expectations of Monaco residents while minimizing the use of disposable packaging. By choosing returnable glass bottles and an optimized delivery system, we reduce plastic waste while offering a smooth, elegant, and environmentally conscious experience. Zero Waste is where refined living meets a quiet yet deliberate ecological awareness.

**The Elegance of Glass at Your Table : An Invitation to the Art of Living.**

Imagine your table, elevated by the subtle yet striking presence of the glass bottle. Beyond its primary function, it stands as a true centerpiece of your tablescape, bringing a touch of refinement and sophistication to every meal.

## How does it work ?

### STEP 1

I am placing my first order of **6 cases minimum** and paying a **30€ deposit**.

### STEP 2

I am delivered **directly to my home**, on **my yacht**, or at **the office**.

### STEP 3

I return **my empty cases** and **place a new order**.  
**The deposit** for the returned cases **is deducted** from my next order.
